

'Community' Language Exams

Olchfa School will consider candidate requests for 'Community' language exam entry for the 2024 summer series. **Please note that if the qualification includes a speaking element, we will only be able to facilitate an entry if we have a suitably qualified language specialist on our team.** If you are unable to complete a 'Community' language qualification in Olchfa, you can approach other exam centres who are approved to work with private candidates. The relevant exam board should be able to support you in identifying approved centres.
